There are facility tours and online assignments included in this course. Attendance to these events is crucial to the learning experience and worth 20% of your overall grade. Due to COVID-19 attendance will be offered virtually in addition to in-person. However, virtual attendance will be synchronous and require the same participation as those attending in person. The professor may request or suggest that some classroom assignment be completed in person. Additional assignments may be required if these events/tours are missed. Please refer to the MSU Student Handbook for more information.

Late Work

D2L is designed so that students are locked out of the system after the deadline has passed. Please make note of all deadlines and adhere to them. Anything not completed and submitted on time will be graded as a zero. Please talk with your professor, prior to the due date, regarding circumstances that may prevent you from completing an assignment on time. All assignments must be completed by 11:59pm on the due date unless otherwise specified.
