Course Catalogue Description

A historical and theoretical introduction to the study of moral philosophy or *ethics*. Questions to be explored include, but are not limited to, “what are good and evil?”, “how ought one to live?”, and “how ought one to act?”

General Course Description

This course will introduce students to major ideas in philosophical ethics. By reading major texts from the history of philosophy, we will be interested in how various thinkers have sought to comprehend topics such as the nature of the good, the virtues of moral conduct, the standards of ethical judgment, the role of freedom in human action, the responsibility of an individual to others, the basic tenets of a just society, and so on. To demonstrate that this historical approach ought not relegate ethics simply to old academic questions, we will also take a “problems” approach that will allow us to test the applicability of these ideas to our everyday lives. As a result, this course has two main outcomes: (1) students will finish this course with an intimate familiarity with major primary texts and central ethical ideas from the history of philosophy, and (2) students will be able to think more critically about the ethical issues they face in their daily and professional lives.

Course Objectives/Learning Outcomes/Course Competencies

Course objectives for PHIL-2033 Ethics are:

1. To help students learn, understand, and evaluate the basic issues of moral philosophy from both a historical and theoretical perspective.
2. To help students gain familiarity with various pivotal texts in the history of moral philosophy.
3. To help students develop their skills in interpreting and critically analyzing texts.
4. To help students develop their skills in identifying and evaluating arguments as well as in formulating their own arguments through the effective and responsible use of evidence.
5. To help students improve their ability to read and write clearly and critically.
6. To help students appreciate the relevance of ethical discourse in public and private life and to gain a greater understanding of their personal ethical commitments.
7. To inculcate students with a love of wisdom and a desire to live a philosophical life.

Academic Misconduct Policy & Procedures

Students are expected to uphold the standards of “Academic Integrity” set forth by the [MSU Student Honor Creed](#). The instructor will notify the appropriate authority of any infringement of academic honesty.

“Cheating” includes the unauthorized use of certain information, materials, or devices in exams, papers, or assignments. Additionally, grading will abide by the University’s plagiarism policy.

“Plagiarism” includes but is not limited to using the published or unpublished works of another person without recognition, either by paraphrase or direct quotation. The use of materials generated by agencies engaged in “selling” term papers is also plagiarism.

A student who makes use of plagiarized material, or anyone that profits from (or abets) cheating, will be DISMISSED from the course. Cases will also be referred to the Dean of Students for possible dismissal from the university.

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual’s to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct:

Grading

Table 1: Final grades for the course will be determined according to the following distribution:

Assignments	Weight
Engagement	15%
Quiz average	10%
Exam 1	25%
Exam 2	25%
Exam 3	25 %

Table 2: Grades will be administered on an A-F scale according to the following percentages:

Grade	Value
A	100-90
B	89-80
C	79-70
D	69-60
F	59-0

Quizzes

Routine quizzes will be administered via D2L throughout the semester. Quizzes ensure that students keep pace with the syllabus. For this reason, quizzes will be based entirely off of class readings and lectures. Quiz dates are marked on the course schedule. When quiz averages are calculated for the final course grade, the lowest single quiz grade will be dropped. Quizzes will be comprised of a single multiple choice question pulled randomly from a larger “pool” of available questions. Each quiz will be available for students to take until midnight on the date posted on the schedule. Missed quizzes cannot be taken after the deadline.

Exams

Three exams will be administered throughout the semester. Exams will not be cumulative and will cover material discussed and prepared in class. Exams will be posted for students to download, complete, and return to the appropriate Assignments dropbox in D2L. These dropboxes are equipped with plagiarism detection software.

Extra Credit

No extra credit will be accepted in this course. Students are therefore encouraged to keep pace with the syllabus from the start of the semester to avoid a situation in which extra credit would be desired.

Late Work

Exams submitted late will accrue a late penalty of one-third of a letter grade per day late. Extensions on exams will be granted only in consultation with the instructor in advance and in rare circumstances.

Make Up Work/Tests

Exams more than a week late cannot be submitted and/or made up. Quizzes can only be taken within the window assigned. Quizzes cannot be made up retroactively.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

Students are expected to attend all meetings of the classes in which they are enrolled. Although in general students are graded on intellectual effort and performance rather than attendance, absences may lower the student’s grade where class attendance and class participation are deemed essential by the faculty member. In those classes where attendance is considered as part of the grade, the instructor should so inform students of the specifics in writing at the beginning of the semester in a syllabus or separate attendance policy statement. An instructor who has an attendance policy must keep records on a daily basis. The instructor must give the student a verbal or written warning prior to

being dropped from the class. Instructor's records will stand as evidence of absences. A student with excessive absences may be dropped from a course by the instructor. Any individual faculty member or college has the authority to establish an attendance policy, providing the policy is in accordance with the General University Policies.

Students in this course are graded on "Engagement," which includes but is not limited to attendance. You have to be in attendance to be engaged, but attendance alone does not qualify as engagement. "Engagement" includes attendance, participation in discussion and other course activities, active listening, evidence of preparedness, and the avoidance of distracting/distracted behavior.

Online Computer Requirements

Portions of this course make use of online materials. It is your responsibility to have (or have access to) a working computer in this class. ***Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. ***Your computer being down is not an excuse for missing a deadline!!** If you have any computer problems, a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Instructor Class Policies

Help — Students should discuss any concerns with the instructor as soon as possible. Many of the readings will be difficult, so *please* ask questions in class for clarification. Office hours are available throughout the week. An appointment is not required for office hours consultation, since they're "drop-in" hours. Appointments can also be made on a case-by-case basis.

Recordings — Lectures, lecture notes, assignments, etc. remain the intellectual property of the instructor. Students are not permitted to disseminate the content of our online class outside D2L.

Conduct — Actions that diminish the quality of other students' learning will not be tolerated. Insults, slurs, or attacks of any kind will be grounds for permanent removal from the course. Every student is expected to engage with the course material in a responsible and respectful manner. This course will include open discussion of ethical dilemmas and in many cases we will debate various viewpoints on a given topic. Disagreement is normal in classes of this nature; disagreement is conducive to positive learning outcomes. However, disagreement or debate that turns negative, derogatory, hostile, or otherwise demeaning *in any way* will not be tolerated in class.

Email — Check emails regularly, since that will be the only method by which students are informed about class cancellations or any changes to the course. Your instructor will email you via D2L. Therefore, either make sure you check your D2L email regularly, or change the settings of your D2L inbox to reroute your D2L emails to a preferred email address. When emailing your professors, please ensure that proper etiquette and professionalism is being observed. Always check the syllabus and the course schedule first to ensure that any questions are not already answered there. Your instructor will not respond at length to emails about writing assignments after the assignment has been posted. Please allow 24 hours for an email reply.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the [Schedule of Classes](#) each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor.
