From the Publisher: This online, interactive program focuses on building students' 21st Century skills through interactions, project-based learning, listening, journaling, and self-evaluation. This anytime, anywhere program prepares students academically, socially, and cognitively for college and career. It addresses all aspects of college

and career readiness, including areas in which students report needing help, such as personal and life skills, like time management and self-motivation; 21st Century skills like lateral thinking and problem solving; exploring careers against lifestyle choices, wants, and needs; and the relevancy of academic skills.

Course Requirements

Grades will be based on your performance 5 exams.

(200 points-50 points each) Each exam will be worth 50 points and the lowest score will be dropped. This means a student who has earned an "A" average on the first 4 exams does not have to attend the final (those students will be notified after the 4th exam). Students with a "B+" or lower must attend the final. Tests will be multiple choice and answers will be marked on Scantrons. I reserve the right to add essay questions at any point during the semester.

(10 points) Research Requirement-It is important that students of scientific psychology learn firsthand something about the scientific nature of the discipline. Therefore, all students in PSYC 1103 and 2203 are required to participate in one of the two following research-related exercises. **The deadline for completing the research requirement is 2 weeks before finals week.**

1. Participate in one or more psychology research projects totaling at least 60 minutes. Research opportunities will be announced throughout the semester in postings that appear at <https://msutexas.edu/academics/libarts/psychology/undergraduate-research.php>

OR

2. Complete a research ethics essay. Participating students will read academic writings addressing research ethics. Following this, students will complete a 3-4 page double-spaced, typed summary and review of the information they read. Tables, figures, pictures do not count toward the minimum page requirement. **Essays must be submitted no later than the second to last week of class.**

210 points are possible and grade ranges are as follows:

- A = 210-189
- B = 188-168
- C = 167-147
- D = 146-126
- F = 125 or lower

Student Code of Conduct

MWSU's official policy in the University's Code of Student Conduct on page 52, states:

Instructor Drop: An instructor may drop a student any time during the semester for excessive absences, for consistently failing to meet class assignments, for an indifferent attitude, or for disruptive conduct. The instructor must give the student a verbal or written warning prior to dropping the student from the class. An instructor's drop of a student takes precedence over the student initiated course drop of a later date. The instructor will assign a grade of either WF or F through the first 9 weeks of a long semester, the first 6 weeks of a 10 week summer term, or the 12th class day of a 4 or 5 week summer term consisting of 20 days. After these periods, the grade will be an F. The date the instructor drop form is received in the Office of the Registrar as the official drop date. A student dropped from a class by a faculty member for disruptive behavior has the right of appeal to the Student Conduct Committee through the Student Conduct office.

Midwestern State University Student Honor Creed

"As an MSU Student, I pledge not to lie, cheat, steal, or help anyone else do so."

As students at MSU, we recognize that any great society must be composed of empowered, responsible citizens. We also recognize universities play an important role in helping mold these responsible citizens. We believe students themselves play an important part in developing responsible citizenship by maintaining a community where integrity and honorable character are the norm, not the exception.

Thus, We, the Students of Midwestern State University, resolve to uphold the honor of the University by affirming our commitment to complete academic honesty. We resolve not only to be honest but also to hold our peers accountable for complete honesty in all university matters.

We consider it dishonest to ask for, give, or receive help in examinations or quizzes, to use any unauthorized material in examinations, or to present, as one's own, work or ideas which are not entirely one's own. We recognize that any instructor has the right to expect that all student work is honest, original work. We accept and acknowledge that responsibility for lying, cheating, stealing, plagiarism, and other forms of academic dishonesty fundamentally rests within each individual student.

We expect of ourselves academic integrity, personal professionalism, and ethical character. We appreciate steps taken by University officials to protect the honor of the University against any who would disgrace the MSU student body by violating the spirit of this creed.

Written and adopted by the 2002-2003 MSU Student Senate.
