I. COURSE EXPECTATIONS

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's Code of Ethics (2014). The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students

are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

Online Etiquette:

It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

Inclusivity:

It is my intent to present material and activities that are respectful. It is also my intent that this course serves students from all perspectives and diverse backgrounds, addressing their learning needs both in and out of the classroom. I aim for students' unique experiences and viewpoints to be seen as valuable resources, strengths, and benefits to our collective learning. Your suggestions about how to improve the value of inclusivity in this course are encouraged and appreciated.

Confidentiality:

Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

Academic Dishonesty:

Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.
- Usage of Artificial Intelligence (AI) software; this does not include Microsoft Word editing tools or Grammarly, i.e., spell check or rewriting suggestions for clarity.

Statement of Disability:

Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related

purposes. If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

Attendance:

You will be required to post at least three academic paragraphs on each week’s discussion board. You are also required to reply to at least one other student’s discussion board post. This is seen as your weekly attendance in class. Failing to post, reply, or both each week results in loss of points and would be the same as if you did not attend class that week. An academic paragraph needs at least five sentences in it.

Late Work:

All papers and assignments must be turned in the day they are due. ***No exceptions.** If you have an emergency, please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered ***10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth a considerable number of points and skipping even one assignment will significantly lower your grade. Please begin planning your semester schedule accordingly.

COVID:

Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott’s executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

Focus of the Course:

Using the standards of the American School Counseling Association National Model, students will demonstrate knowledge of how to create a comprehensive, developmental school counseling plan.

1. Discussion Board Posts: (8 posts at 1 point each = 8 points)

Students are required to answer questions or complete assignments regularly related to the weekly reading. Every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person's thread. The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week. Note the last week ends on Friday. Follow directions to get full points each week. Late work will not be accepted.

3. Career Interest Inventory Group Assignment: (32 points) (See rubric in appendix)

Middle schools require 8th grade students to complete a career interest inventory to help them choose an endorsement for high school. In a group of 2 to 4 of your peers, you will interview an 8th grade or 9th grade student and analyze a set of data to create three education plans:

1. Social/Emotional Plan – includes issues, concerns, coping skills, support system, resources, etc.
2. High School 4-year Plan – includes academic courses taken each year in high school based on future goals and endorsement
3. Career Plan – includes life after high school plan: college, trade school, military, or workforce

The education plans will *facilitate students' educational, career, personal, and social growth and development as articulated in* The Texas Model for Comprehensive School Counseling Programs. The student plans should vary by interest and career path including goals associated with college and career readiness. This will require you to analyze and interpret:

- Qualitative Data: student interview discussing his/her own strengths and interests for a future career, parent input, teacher input, etc.
- Quantitative Data: student's results after taking the career interest inventory, grades, PSAT scores, STAAR scores, Myers-Briggs results, etc.

The data will help you identify the student's strengths and needs so you can design effective interventions. You will discuss the student's academic strengths, interests, personality characteristics, test scores, and career interest inventory results to help a student choose an endorsement for high school. Please make sure to obtain parent/guardian written permission for this assignment. ***Please make sure to address these TEA competencies in your group project: Diversity and Cultural Competence (competency 002), Guidance (competency 003), Individual Planning (competency 005), Systems Support (competency 006), Program Management (007), Professional Practice (competency 009), and Analysis and Response (competency 010) (see rubric in appendix).**

III. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. To fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on review and retention, refer to the handbook.

Classroom Behaviors:

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.

Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University's webpage at: [Campus Carry](#). As this is an online class, this policy should not apply, but please familiarize yourself with this and other campus policies.

By enrolling in this course, the student expressly grants MSU a "limited right" in all intellectual property created by the student for the purpose of this course. The "limited right" shall include but shall not be limited to the right to reproduce the student's work product to verify originality and authenticity, and for educational purposes.
