### Textbook, Instructional Materials and Minimum Technology Recommendations

1. The following package is **required** for all courses. These materials will be used for both FREN 1134 and FREN 1234. ***Promenades 4th edition, Vista Higher Learning***, by **James G. Mitchell & Cheryl Tano**. ISBN: 978-1-54333-617-7 (a loose leaf, 3 hole punched (binder ready) version of the book with supersite and websam). I also leave students the option of buying ***Promenades 4th edition, ISBN 978-1-54333-618-4***, which does not provide a physical copy of the book but does have a virtual one, along with supersite plus & websam access. The **least expensive option** is to purchase the materials directly from the textbook company via their website.

Additional guidelines on procedures in these matters may be found in the Office of Student Conduct.

### Midterm Progress Report

In order to help students keep track of their progress toward course objectives, the instructor for this class will provide a Midterm Progress Report through each student's WebWorld account. Midterm grades will not be reported on the students' transcript; nor will they be calculated in the cumulative GPA. They simply give students an idea of where they stand at the midpoint of the semester. Students earning below a C at the midway point should meet with the instructor and/or take advantage of tutoring options.

### Homework Assignments

Online homework assignments will be made from the [VHL Central Supersite](#) daily. These assignments include written, audio and video activities. Each assignment is to be completed before class begins on the due date. Homework completed after the deadline will not be accepted. Failure to turn in the homework on time will result in a grade of zero for the given assignment. For each lesson in the [VHL Central Supersite](#) an average of all the homework assignments for that lesson will be recorded in the D2L course gradebook.

### Participation

Participation is based upon your use of French in the face-to-face classroom and/or via recorded chats with classmates and/or with an online avatar. Don't worry about speaking perfect French. Accuracy will come with practice and repetition. I will record points for participation in the face-to-face classroom when you volunteer to answer questions or you participate in conversations in French with a classmate.

The core objectives for the Language, Philosophy and Culture Foundational Component Area are addressed in this course according to the following descriptions. A global assessment rubric will be used for measuring students' mastery of these core objectives in the context of the Personal Reflection Essay.
